

Friday night after the meal at 8:15, me + two friends sat down to the beginning of *נוסח ארון*. We cover the clock w/ a *א'ס'ג* so we can do our best to prevent the *זמן רבי* from telling us its late. As the *ג'א* go by, our spirits just keep going higher + higher. I get to the point where I cant read the *למד* w/o smiling ear to ear. After, Baruch Hashem, many hours we finish of learning the last *ג'נ'ס* + get up from our seats w/ our faces shining. we pull the *א'ס'ג* off the clock + we couldnt believe our eyes. It was ~~8~~ 3:15 in the morning. 7 hours *א'ו'י'ג'ג*. Its hard to explain the feeling. You feel like your on another world. The connection to *ש* + the *ה'ה* does not compare to the best I ever had in my life. After, as I lie in bed I couldnt fall asleep bec I actually felt like I was high on *ה'ה*. The connection to the *ש'ה'ה* made me feel like I wanted to do another 7 hours. All I could say is
 THANK YOU Hashem.

That Sunday night was the *ע'מ* *ה'ה*'s sons wedding. As the first dance starts it was B'H really nice. Then the *ה'ה'ה'ה'ה'ה* song goes on.

I pull two of my Babbeim into a circle to dance with them & the next thing I know, I was crying from happiness. As the song keeps playing, my heart keeps pounding & the tears start dripping. I never felt the love for מין like I did at that moment. If I could explain the feeling I would. I wish I could. I realized many things, theres nothing like sitting down to a piece of מין & fighting it out w/ your friend. Or sitting down to a massive or even a small מין & learning it up back & forth. The piece of it is like nothing else.

Someone asked me how it was possible to sit down for so long & learn a whole מין. He said to me "could you have done it if you wouldn't know a מין cold?" I responded, "for sure not". The drive to keep going is driven by knowing the מין & feeling good & keep on going. The only way to fully get a מין cold is to מין over & over & over again. We know the saying, מין מין, מין, & then, more מין! Its an opportunity to be able to sit down whenever you want & open your מין & learn.

May we all be מין to have a מין in our bones & not to stop by one מין but to many more מין's, & from that we should be מין to see the coming of מין.
